SELECTMEN'S REPORT.

Agreeable to the expectation and custom of the town and the requirements of the law, we respectfully submit the following report of the affairs and doings of the town for the year ending March 1, 1895 :

INVOICE APRIL 1, 1894.

195 polls,	\$19,500 00
154 horses,	11,195 00
38 oxen,	2,010 00
230 cows,	4,843 00
77 neat stock,	1,110 00
317 sheep,	922 00
14 hogs,	122 00
28 carriages,	1,745 00
11 shares bank stock,	1,100 00
Money at interest,	6,135 00
Stock in trade,	33,834 00
Mills and machinery,	48,100 00
Land and buildings,	193,125 00
Total,	<u>\$323,741 00</u>

Received of state treasurer :

Railroad tax,	\$ 41 45
Savings bank tax,	1,339 04
Literary fund,	170 18
	<hr/>
State tax,	\$1,550 00
	845 00
	<hr/>
Balance,	\$705 67

The town voted to raise the following amount for the year 1894:

Support of schools,	\$ 800 00
“ “ highways,	1,000 00
Breaking roads,	300 00
Town charges,	500 00
Sinking fund,	1,000 00
State tax,	845 00
County tax,	659 43

Amount committed to John Rutherford, \$5,430 08

Rate per cent. on \$100, 1.65.

Number of dogs licensed, 40.

TOWN DEBT.

Bonded debt, \$15,000 00

ASSETS.

Balance in treasury,	\$1,327 88
Sinking fund,	3,000 00

We would recommend the following appropriation for the coming fiscal year, in addition to the state and county tax:

Support of schools,	\$ 600 00
Highways and bridges,	1,000 00
Breaking roads,	300 00
Ordinary town charges,	700 00

We are of the opinion that if the above amount is raised and judiciously expended it will be ample to meet all the requirements and liabilities of the town; and that we can dispense with raising the \$1000 sinking fund, as it is unnecessary, and had better lay in the pocket of the tax-payer than to be deposited in our savings banks at the great risk and small interest paid.

We would also suggest that it would be well to establish a uniform price for the services of the different town officers; that at the present time we should practice economy in town as well as in our personal affairs; and that parties entrusted with the town's money and business should look after it as faithfully and diligently as they would their own matters.

Upon the petition of A. N. Whitney and others, we laid out and caused to be built something like 20 rods of road on the east side of Silver Lake, north of E. H. Wilkinson's, at a cost of \$45.00.

THOMAS H. WHITE,
EDWIN P. HUNT,
SELDEN P. TUTTLE,

Selectmen of Harrisville.

REPORT OF LIBRARY COMMITTEE.

Report of library committee for the year ending Feb. 15,
1895:

Cash on hand, March 1, 1894,	\$ 05
“ received for fines,	37
	<hr/>
	\$ 42
“ paid for incidentals,	05
	<hr/>
Balance	\$ 37
Balance in treasury, unexpended,	\$27 89
Volumes in library,	1,454
“ issued during the year,	2,482

The lockup has been removed, which has largely enlarged the room and adds much to the convenience of all. The expense of fitting up the room amounted to \$72.80, which includes the carpenter work, \$10.35; painting, \$22.01; lumber, \$10.57. Paid A. L. Ball for wood shed, \$24.37; the balance for re-arrangement of the books and for fuel.

With these improvements, we feel that the library is much better accomodated and will be more acceptable to its parons.

Mrs. Tuttle has had charge of the library for the year, and, we believe, with perfect satisfaction.

REPORT OF THE SCHOOL BOARD.

The school board of the town of Harrisville would respectfully present their annual report:

We have had the past year, a little more than the average amount of schooling. While some schools have been unusually good, others have been moderately so and none have been failures. All the teachers had experience and training in the most improved methods in teaching and came with the best recommendations, and as far as instruction goes, we could find but little to criticise. The greatest obstacle, in fact the only one on their part, has been their inability to properly govern their schools. This is the difficulty generally. In order to keep certain pupils out of mischief, the teacher has to devote her whole attention to them, leaving her no time to impart instruction to others. This is the crying evil in our schools and one which should not be allowed to exist. The seat of this disorder is at home; children who receive good moral training there and are brought up to respect and obey their parents and to observe the golden rule in all their transactions with their mates and others, will rarely if ever, give their teacher any trouble. As has been truly said, the behavior of children at school is a pretty good photograph of their life at home. In some schools irregularity of attendance to an extent which seems to be entirely needless, exists. This, also, is a fault of the parents, and one which there should be some law to correct. Writing has not received that attention the past year which its importance demands. Want of time has been the reason assigned; but time should be taken from other studies, as this is as important as any of them. To read and write the English language correctly should be the first aim of all. A neat handwriting is a pretty sure passport to a good business position.

Of the history of our country there should be a more general interest taken. If our national ensign floating over our school buildings inculcates a lesson of patriotism, how much greater and better one must be taught by a knowledge of the events which have taken place under it. The story of the struggle of Washington and his co-patriots to establish the republic and the sacrifices which have since been made to preserve and defend it, should be as familiar with the rising generation as household words. What scholar in our schools can read of Stark and his New Hampshire boys at Bunker Hill and Bennington without its kindling within his bosom a glow of pride and patriotism?

It will be observed that we have expended more this year than usual in the transportation of scholars. This has been in consequence of the destruction of the school house in Dublin at which these scholars have formerly attended, agreeably to an arrangement between Harrisville and Dublin, made in 1887, and annulled by the latter town after having given us due notice.

By vote of the town, the school board was authorized to repair the school house at East Harrisville, and the sum of \$200 appropriated for the same. With very little expenditure, this house will now be equal to its requirements for a good many years. The details of this expenditure will be found in the treasurer's report, as well as all other financial transactions.
